## HLF 5600f

bean to cup coffee machine

**Fresh Beans and Fresh Milk**

The HLF 5600f is our flagship bean to cup coffee machine. This high capacity machine combines **technical excellence** with versatility, convenience and clean simple styling. The HLF 5600f utilises fresh beans and fresh milk for the **best possible** coffees, plus with 2 internal powder canisters it can also serve hot chocolate, mocha. This **flexible functionality** allows the customer to choose from 12 different drinks.

**up to 500 cups per day**

- Can produce up to 500 cups per day with the option of making 2 drinks at once.
- Dual bean hoppers and twin grinders allow for fresh bean and fresh bean decaf coffee.
- Uses fresh beans and fresh milk for the best possible drink quality.
- Intuitive touch pad and LCD display, perfect for self service or staff use with minimal training.
- Choose from 12 different drinks, all of coffee shop quality, at the touch of a button.
- Full metal body ensures the HLF 5600f is hard wearing, easy to clean and has a simple yet elegant style.
- Twin boilers, separate steam and hot water, allow for a faster service.
- Conical grinder blades for improved grinding and longer life.
